

Parents:

Attached you will find the Diocesan Tuition Assistance FACTS application reminder flyer.

Please note a few changes this year:

1. Please Note- applications not only need to be submitted by **March 15, 2014**, but also VERIFIED. This means that your supporting tax information must be submitted and approved by FACTS. This can be accomplished by submitting your 2013 tax information or submitting your 2012 tax information accompanied by your 2013 W2's. (This will help us get the assistance information out to you earlier so you can make your local decisions in a more timely manner)
2. A welcomed enhancement in the FACTS system this year is that you can SCAN your verification documents and email to FACTS instead of worrying about faxing the information to them.
3. Please note that the FACTS application fee is **\$30.00** per application.
