

TOGETHER WE

# RISE

A CAPITAL CAMPAIGN TO SUPPORT NEWARK CATHOLIC HIGH SCHOOL ACADEMIC & ATHLETIC GROWTH

Newark Catholic High School is at an exciting and pivotal crossroad. In the 21st century, the need for a flexible workforce able to imagine and implement solutions to diverse problems is critical. In preparing our students for their next step, we recognize that focusing on foundational skills, competencies and character qualities are fundamental. These requirements equip our students for the new and different context in which they will need to learn, live and work beyond their years at Newark Catholic. We strive to create programs, projects, and spaces where students can tap into their unlimited potential. Currently, Newark Catholic facilities for science and athletics do not match the quality of our growing programs. To remain an educational innovator and leader, Newark Catholic is launching the TOGETHER WE RISE Capital Campaign. The campaign will raise funds and build permanent facilities for the S.T.R.E.A.M. and athletics programs, in addition to creating new classrooms for Computer Sciences. The new facilities will match Newark Catholic's level of performance and allow for continued growth and development.

We know reaching our goal will require unprecedented generosity and support from the entire community. Your support shows your commitment to shaping and defining Newark Catholic High School for years to come. Brick by brick, we can RISE together.

## CAMPAIGN PRAYER

Heavenly Father, we praise you for you are the source of life. We thank you for our Church and our school and the many blessings you have given us over the past 60 years. Open our hearts and minds to you and help us to be good stewards of the gifts you have given us. Help us to be like Mary, always faithful to you. We especially pray for the success of our capital campaign. Together, let us step forward together in faith and recommit ourselves to your mission of love. May our effort, combined with your grace, allow us to serve the people of the Newark Catholic community for generations to come.

PRAY HARD. BE BOLD. GIVE BIG

# THIS IS OUR DEFINING DECADE

The Newark Catholic S.T.R.E.A.M. (Science, Technology, Religion, Engineering, Arts, and Mathematics) -centric curriculum creates countless opportunities to provide a meaningful learning experience and, allows for the application of knowledge and concepts to problem solve. Newark Catholic has been integrating S.T.R.E.A.M. into teaching and learning for the last eight years.

At Newark Catholic, our athletic programs are steeped in tradition. Athletics develop character, bring people together, and create a sense of community. Studies have shown that exercise increases blood flow to the brain and helps the body build more connections between nerves, leading to increased concentration, enhanced memory, stimulated creativity, and better-developed problem solving skills.

Strong science and athletics programs empower students by providing limitless opportunities for success, and appeal to both their physical and emotional needs. Upgraded and permanent facilities allow Newark Catholic to further nurture creativity and innovation.
